It is a pleasure to submit to you the budget for the fiscal year 2023, beginning in September 1, 2022. This budget represents a continuation of present service levels that are essential to the community's health, safety, welfare and quality of life and is fiscally conservative. Through the combined efforts of the City Councilmen, Office of the City Clerk, Heads of Department, and citizens of Crowley, this financial plan for the fiscal year of 2023 has been prepared. The preparation, review and implementation of this budget involved assessing the needs of the citizens of Crowley for entitled services and providing funding for those services within a workable balanced budget.

City services will be funded in Fiscal 2023 at their current levels and all currently filled positions will be retained.

Salaries and fringe continue to be the most significant cost item in the budget. The budget for fiscal 2023 totals \$19,974,387.

The Overview that follows in this document is provided as a concise account of the 2023 budget for General Funds, Special Revenue Funds, Enterprise, Capital Project, Trust Funds, Internal Service Funds, and Debt Service.

### 1) General Fund

The General Fund provides many of the visible and core services of the City. It is the primary operating fund for traditional government services such as police protection, fire protection, public works operations, courts, code enforcement, and general administration. The General Fund receives revenues from a variety of sources, including sales tax, property tax, licenses, permits, fines, various service fees and transfers.

The Fiscal Year 2023 budget is forecast to provide \$5,196,874.00 in estimated revenues to fund a comprehensive array of municipal services anticipated to cost the city about \$13,687,178, thereby producing a deficit of \$8,490,304. The deficit will be funded by other funds.

## **2) Special Revenue Funds**

Special Revenue Funds are used to account for proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purpose of government. The following Special Revenue Funds contained in this budget are:

### **Sales Tax Funds**

Sales tax is a major revenue source. Sales tax receipts have become the most significant single revenue source supporting general governmental services in Crowley. The sales tax fund is the account for the collection and disbursement of the City's one and one-half (1-1/2) percent sales and use tax.

Presently there is an upward trend in sales within the City of Crowley; that is reflected in our sales and use tax collections. We believe that sales and use tax collections will continue to increase therefore we budget \$9,097,500, a projected increase of \$777,000 or 9% in income from sales tax.

The proposed expenditures for operations for the coming year will be \$1,751,250 and \$7,770,787 of the sales tax proceeds are being appropriated to other funds where they are dedicated for the purposes of public safety, public health, public works, sanitation, general government; maintenance and repair of streets, roads, highways, avenues, drain ditches and canals; providing for operating expenses of said departments including salaries of personnel and capital outlay; and for any other lawful corporate or public purpose.

This fund is budgeted with a \$829,363 increase in fund balance.

The reliance by the City government of sales tax revenues requires vigilant monitoring of our revenue sources to assure they keep pace with inflation and the ever-rising costs of operating a complex municipal government.

### **Motor Vehicle Facility**

The City owns the facility that is used by the State Motor Vehicle Department. The State reimburses a fee to the City and this fund is to account for the collection and disbursement of those fees. The fees changed from \$3.00 per eligible transactions to \$4.50 effective July 14, 2015.

The 2023 budgeted revenues for the Motor Vehicle Fund are \$50,300. Total expenditures and transfers are projected to be \$21,250, with a \$35,000 net change in fund balance.

### **Youth Recreation Operation**

The Youth Recreation Operation Fund accounts for the receipt and disbursement of funds to be used in the daily operations of the recreation centers.

For fiscal year 2023 the anticipated revenues are \$666,200. The budget expenditures of \$1,636,245.

### **Youth Recreation Building Maintenance**

The Youth Recreation Building Maintenance is to account for the receipt and disbursement of funds to be used for the maintenance of the recreation center buildings.

The proposed 2023 revenues are \$83,010, which remains approximately the same as the 2022 adopted budget. Expenditures are \$163,710 for fiscal 2023. This fund is supplemented by appropriations in the amount of \$120,000. The net change in fund balance will be a \$39,300 increase.

### **Cemetery**

The Cemetery Fund is to account for the receipt and disbursement of funds used in the maintenance of the City cemetery.

The proposed 2023 revenue budget of the cemetery is \$60,400. Total expenditures are \$58,600 leaving a \$1,800 balance of revenues over expenditures.

### **Cemetery Development**

In January 1997 this fund began to account for the receipt and disbursement of the proceeds from the sale of cemetery plots. Proceeds are used for the development and maintenance of the new sections of the South Crowley Cemetery.

The anticipated revenues and expenditures of \$6,500 which is \$5,500 more than the fiscal 2022 budget.

### **Rice Theater**

This budget is for the receipt and disbursement of funds used in the maintenance and operation of the Rice Theater. Presently it operates on rental fees, planned functions and an appropriation from the sales tax fund. Citizens are encouraged to attend our facility and enjoy the entertainment provided.

Revenues of \$11,300 are projected with an appropriation of \$32,000 from the 1 ½ cent sales tax proceeds. The anticipated expenditures for fiscal 2023 are \$67,200.

### **3) Enterprise Funds:**

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private businesses where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed primarily through user fees.

#### **Utility Fund – Sewage**

The purpose of the Utility Fund is to account for the provision of sewerage services to the residents of the City. All activities necessary to provide such services are accounted for in this fund, including, but not limited to; administration, operations, capital improvements and maintenance, financing; related debt service, and billing and collection. This fund provides for the continued updating of collection lines and lift stations to reduce overflows and infiltration as mandated by the Environmental Protection Agency (EPA). The user fee rates were last amended in Fiscal Year 2022.

The 2023 revenue for Utility Fund – Sewerage is \$2,332,000.

Expenditures are \$5,944,470 and depreciation is at \$1,100,000 for fiscal 2023.

### **4) Capital Projects Funds:**

Capital project funds are used to account for the acquisition, improvement or construction of major capital facilities.

### **5) Trust Funds:**

These funds are used to account for assets held by the City in a trustee capacity or as an agent for other funds. The accumulations of resources are used for payments at appropriate amounts and times in the future.

#### **Collision Loss**

This fund is for the receipt and disbursement of accumulate funds for the City's self-insurance against collision losses.

Revenues are budgeted at \$2,001.00 with an appropriation of \$180,000 from Salary. Expenditures are \$210,000 for fiscal 2023, with a (\$27,999) net change in fund balance.

### **6) Internal Service Funds:**

Internal service funds are used to account for the financing on a cost reimbursement basis of goods or services provided by one department or agency to other departments or agencies within the same government or to other governments or not-for-profit organizations. Internal service funds are:

### **Employee Benefit**

This budget is to account for the accumulation of funds from self-insurance sources and from employees. It is for control and management of the City's self-insured health plan for City employees. Funds are dedicated to the payment of health insurance premiums, and the satisfaction of health care claims incurred by employees and their dependents. This budget is continually being monitored for its ability to remain solvent and adjustments will be made to assure stability.

Budget revenue for 2022 is \$1,822,002 which remains the same as the 2022 Budget. The City contributes a portion for the employees' major medical insurance while the employee pays for their family's coverage. The expenditures are \$1,1607,000. The net change in fund balance will be (\$16,617).

### **Workmen's Compensation**

To account for the accumulation of funds designated for payment of liability insurance premiums, costs of the risk management department and satisfaction of employee's work-related claims.

Revenues are budgeted at \$659,300. Expenditures are budgeted at \$324,000 for an increase of \$335,300 in Fund Balance.

### **7) Debt Service:**

These funds are used to account for the accumulation of monies for payment of general long-term debt, principal, interest and related cost.

### **Refunding Bonds Series 2011**

This is an account to accumulate monies for payment of principal, interest, and reserve on the Refunding Bonds Series 2011 (LCDA). The final maturity date for these bonds is October 20, 2029.

In fiscal 2022, the appropriations and expenditures will be \$434,463.

timely and professional manner. I believe this Fiscal 2023 budget provides the necessary framework for meeting the goals set by the city council and the expectations of our citizens.
